

Respite care at Tupwood Gate Nursing Home in Surrey

At Tupwood Gate we provide **short-term** care allowing caregivers a well-earned break from the demands that taking care of an elderly relative can bring. We also provide short breaks to help those needing **post-operative** or **convalescent care** following a stay in hospital to receive support before they are well enough to **return home**. Our highly trained and friendly team of **nurses and care professionals** will ensure each individual's medical and care needs are met.

“The staff could not have been more helpful, thoughtful, caring, kind, considerate, informative, and reassuring. First time I've needed respite for my mum as her carer. I was in hospital myself and they did everything to help as I was very unwell. They liaised with staff from hospital for me and I was able to not worry and just concentrate on getting myself better. Mum had a lovely stay and she is going back again next week while I go away for some rest myself before my surgery.”

“It was the first time I had taken a respite break and was very concerned. As soon as we were welcomed into this lovely care home I felt at ease. My husband was looked after with great care and kindness and the staff are so friendly and seem to go the extra mile. Lovely gardens, comfortable and warm.
